

Toopy and Binoo

Reach the Cloud with Toopy and Binoo

Set up the game...

Ask a grown-up to give you a hand.

- Cut out the game board and pieces (Toopy and Binoo).
- Fold the bottom of the game piece outward to form a base for it to rest on.

... And now, time to play!

It takes two to play. You need a die.

- Place your game pieces (Toopy and Binoo) on square 1.
- Throw the die. Take turns moving your game piece (as many squares as the number of dots on the die).
- Once a game piece reaches the bottom of the ladder, he can climb up to the top.
- But if he stumbles onto a frozen river, he must let himself slide down to the bottom.
- The first one to reach the cloud wins!
